

Interview Architect® eLearning Course

The Interview Architect® eLearning Course is for:

- Organizations looking to implement Interview Architect® in their company
- Hiring managers who do not have significant experience conducting structured interviewing and/or who will be using the Interview Architect® for the first time
- Recruiting and HR professionals responsible for supporting hiring managers' interviewing efforts and maintaining best practices in evaluation and hiring

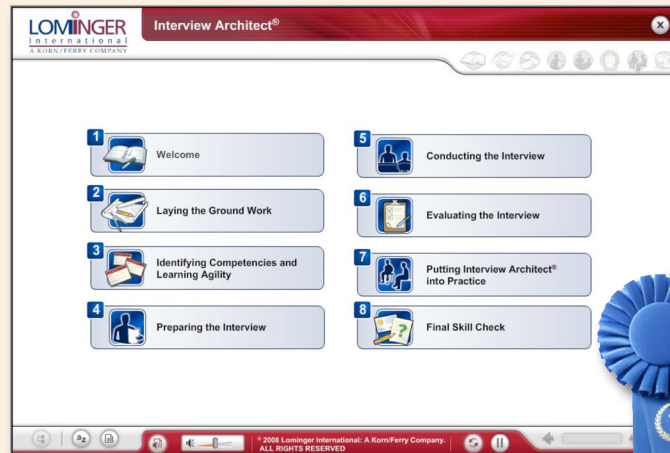

The new Interview Architect® eLearning Course provides an in-depth overview of behavioral interviewing and best practices. The course guides the learner through the critical steps of preparing for, conducting and evaluating a candidate interview using the Interview Architect®.

This two-hour long course can enhance learner skills in:

- Using competencies as part of talent selection
- Defining talent requirements by identifying competencies essential for success
- Selecting competencies to focus on in an interview
- Assessing a candidate's skill within specific competencies
- Evaluating a candidate's ability to learn and adapt (learning agility)
- Completing an overall candidate evaluation

Course Overview

Pricing

\$95/learner for a 12-month subscription

To purchase:

Organizations can license the eLearning course to install on their own learning management system (LMS) for internal use. For more information, please call 952-345-3610 or email licensing@kornferry.com

Individuals or groups can call 952-345-3610 or email learningcenter@kornferry.com for more information. We provide a complimentary personal preview for organizations' group purchases.

Note: Interview Architect® eLearning Course is NOT a substitute for certification. Interview Architect® is a restricted tool which means that at least one individual in the organization needs to be certified by a qualified Korn/Ferry Leadership and Talent Consulting professional or an associate in order to use the tool on a broader basis within the organization. Call 952-345-3610 for more information.
